Foreword

Throughout the years "The Prospector" has carried out a theme which tells a brief story in conjunction with the year's record.

This year you will find the "prospector" appearing on the cover as a graduating senior. Throughout the yearbook he is presented on the division pages as a personality significant of that part of the yearbook.

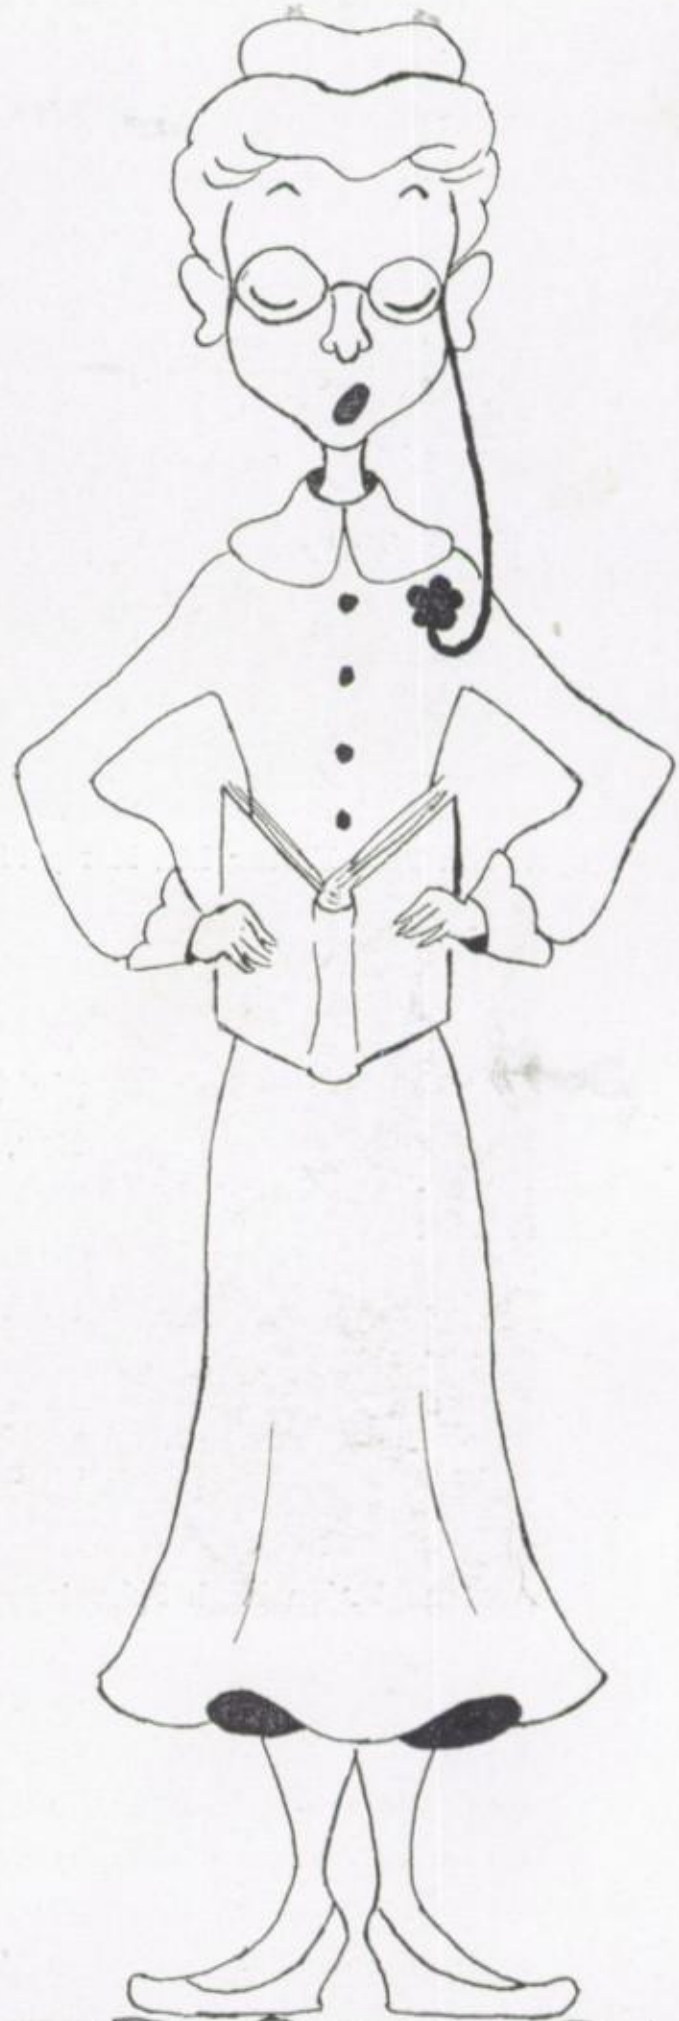

In this book the staff has tried to present a record of the affairs of TUHS for the year 1954-1955. It is the hope of the staff that "The Prospector" will be a reminder of the happenings in which you participated during your school days at TUHS.

DEDICATION

Dedication

At this desk is a man who, it might be said, is the very heart of the TUHS annual. It is Mr. Ben Ridge, teacher of the seventh grade. We could never thank him enough for the work which he has contributed to the high school annual. We speak of nothing else but the photography that makes an annual what it is. Not only did he take most of the pictures, but developed, enlarged and printed them to the specifications which the staff desired. Mr. Ridge has contributed this service to the annual Staff for several years. So in token of our gratitude we, the Annual Staff, hereby dedicates this "Prospector" for the year 1955 to Mr. Ben Ridge.

ADMINISTRATION

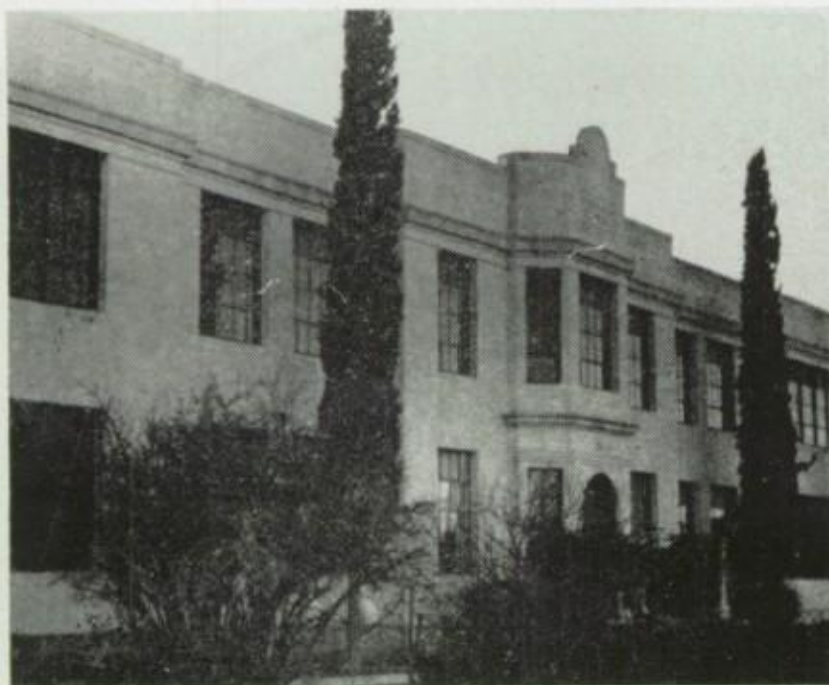

Left to Right: Mr. Pete Kellar, Mr. Harry Huber, Mr. R. W. Steffen, Mr. M. R. Kellar, Mrs. James Giacomina.

School Board

These five persons pictured above are the people to whom the students of TUHS owe all activities, organizations and administrative objectives. They are the Board of Education. Directly or indirectly they are responsible for almost everything that has been set up as a part of TUHS.

Their main objective this year was better transportation for the larger enrollment of Fort Huachuca and Fry students.

IT'S ALSO TIME TO THINK ABOUT THRIFT

... and time for you to practice it.

Form the habit of saving regularly—a part of all money received—and you'll be well on the way to success in money matters.

You want to own your share of the good things of life; save for them. Socialism discourages thrift; Capitalism—THE AMERICAN WAY OF LIFE—encourages it. We will be glad to open a Savings Account in your name.
